PROJECT LAB COAT

OPENING SHOW

SEPT. 13TH - 7PM

Mount Sinai

SEPTEMBER 2025

SPOTLIGHT

FASHION EXPOSES A SILENT THREAT

On September 13 at 7PM, Project Lab Coat hits the runway to spotlight Lyme disease, a growing crisis with over 476,000 Americans diagnosed and treated each year. This collection turns fashion into advocacy, funding research and pushing for better care.

Floral prints, raw textures, ethereal layers: each lab coat reveals nature's beauty and hidden danger, tracing a journey from calm to chaos to resilience.

More than a show. A wake-up call.
